Wie alles begann....

Seit Jahrzehnten fertigt die Sattlerei Otto Schumacher hochwertige Zaumzeuge und Sättel für den Reitsport. Die Idee mit der Marke „by-tr-design“ entstand, als das Weihnachtsgeschenk für meine Frau, ein außergewöhnliches Armband, das Interesse der Außendienstmitarbeiterin der Firma Swarovski weckte und wir mit unserer neuen Armbandkollektion zur Premium in Berlin und München eingeladen wurden.

.....and that's just the start

For decades now Sattlerei Otto Schumacher has been manufacturing high-quality and exclusive horse-riding equipment and saddles. I got the idea of creating the `by-tr-design` when the Christmas present for my wife, an unusual bracelet, had attracted the attention of the sales representative of Swarovski. Afterwards we were invited to Premium in Berlin and Munich to present our new bracelet collection.
