DONNA WILSON  
WOMENSWEAR & ACCESSORIES  
A/W 2016

Mythical mermen, volcanoes and stormy seas all feature in this year's collection of sweaters and accessories. The distinctive yolk sweaters are inspired by fables from the sea – frequent trips to Iceland and Donna's native Scottish countryside.

'Having a family connection to Iceland has meant I've been lucky enough to go on a few tours of the island. I love the vastness and the incredible nature, rock formations, lava, as well as the friendly folk with their tales of trolls that have been turned to stone. For the collection I wanted to introduce some of our more recognisable motifs as well as adding a bit of folklore and Icelandic influences into the mix.'

This is our third fashion collection and each year we get a bit bolder. The Wise Cat Man is a firm favourite, and the Fox in Flowers long sweater depicts one of Donna's trade mark knitted creatures 'Cyril Squirrel-Fox'

All the knitwear is made lovingly in Scotland using the finest, softest lambswool in often surprising colour combinations.

Donna's designs and products are sold in over 35 countries around the world and she has an army of dedicated fans who covet her unique distinctive style. Still in its infancy, the fashion collection is currently stocked in a small number of beautiful boutiques in Japan, Spain, Italy and the UK.
