WAHOO

A FRONT-ZIP 2 MM NEOPRENE WETSUIT WITH SUPER-STRETCH ELASTANE PANELS.

Photo by: Marcello Pastonesi

Photo by: Marcello Pastonesi

Whatever your water sport, the Cressi Wahoo 2mm wetsuit provides excellent sun, wind and thermal protection. The front and back panels are constructed from premium 2 mm/1.5 mm neoprene, providing insulation around the core of the body, while the side of the legs and sleeves are made from ultra-stretch elastane for freedom of movement and a second-skin fit.

A high-quality YKK front zip makes the Wahoo easy to put on and remove, adding convenience for active water sports enthusiasts who are in and out of the suit multiple times a day. With its Italian-tailored fit and strategic material placement, the Cressi Wahoo offers protection from the elements without compromising flexibility.

PRODUCT BENEFITS

- 1.5 mm / 2 mm neoprene panel provides light insulation around the core for warm-water activities.
- Ultra-stretch elastane panels on the sides, arms, and collar allow for complete freedom of movement and a second-skin fit.
- The long-sleeve elastane arms provide full arm coverage for UV and wind protection without the risk of chafing.
- A reliable and high-quality YKK front-zip allows for easy donning and removal, adding convenience during water sports.
- Suitable for snorkelling, swimming, windsurfing and other warm-water activities.
- Available in male and female fits.

Cressi
SWIM

KARUA

KUWAE

MULTI THICKNESS MONOPIECE WETSUIT 4+3+2 mm

NEW LOW NECKLINE DESIGN

Photo by: Marcello Pastonesi

Photo by: Marcello Pastonesi

The new Cressi swimming suit is inspired by the underwater caldera Kuwae, located in the Vanuatu archipelago in the South Pacific Ocean. The coral colour of the upper part of the wetsuit recalls the lava of the volcanic eruption, like the truly explosive design. This particular colour was also chosen to give the swimmer maximum visibility when in open water.

Kuwae has been entirely designed with the help of sophisticated 3D software for the modelling of wetsuits, which made it possible to study the fitting of the materials and the different sizes on virtual mannequins. In this way, Cressi not only facilitates an innovative approach to research and development, but also obtains a positive environmental impact by eliminating unnecessary sample collections.

The different thicknesses (2-3-4 mm) of the super-elastic materials favour buoyancy, help the swimmer to achieve a perfect trim when swimming on the surface and improve the fit

in the arms/armpits, while ensuring complete freedom of movement.

The striped material insert applied in the wrist area helps to move more water during the classic freestyle stroke. The new low neckline design has been studied to avoid any friction around the neck, while maintaining a perfect seal against water infiltration.

On the inner part of the under zip panel it is possible to customize the wetsuit with your name and insert the key of any means of transport in the special pocket. The YKK back zip guarantees tightness and resistance over time: the slider is made of anti-corrosion metal material, to ensure greater sturdiness when pulling the lanyard during the closing/opening of the wetsuit.

Photo by: Marcello Pastonesi

The new Cressi swimming suit is inspired by the underwater caldera Kuwae, located in the Vanuatu archipelago in the South Pacific Ocean. The fluorescent colour of the upper part of the wetsuit recalls the lava of the volcanic eruption, as does the truly explosive design. This particular colour was also chosen to give the swimmer maximum visibility when in open water.

Kuwae has been entirely designed with the help of sophisticated 3D software for the modelling of wetsuits, which made it possible to study the fitting of the materials and the different sizes on virtual mannequins. In this way, Cressi not only facilitates an innovative approach to research and development, but also obtains a positive environmental impact by eliminating unnecessary sample collections.

The 2.0 mm high-density Hyperstretch neoprene optimizes comfort, provides UV

protection, and protects swimmers against scratches while ensuring complete freedom of movement. The smooth exterior finish and the Glide Skin XT waterproof treatment guarantee exceptional hydrodynamics.

The new low neckline design has been studied to avoid any friction around the neck, while maintaining a perfect seal against water infiltration.

On the inner part of the under-zip panel you can customize the wetsuit with your name and stash a key for any means of transport in the special pocket. The YKK back zip guarantees tightness and durability over time: the slider is made of anti-corrosion metal material, to ensure greater sturdiness when pulling the lanyard to zip/unzip the wetsuit.

KARUA

MULTI THICKNESS MONOPIECE WETSUIT 3+2 mm

Photo by: Studio Nicama

The new Cressi hybrid wetsuit is inspired by the underwater caldera Karua, located in the Vanuatu archipelago in the South Pacific Ocean. The graphics at the wetsuit's sleeves recall the lava of the volcanic eruption. The fluorescent-coloured sleeves, the upper back panel, and the ankles give maximum visibility when in open water.

Karua has been entirely designed with the help of sophisticated 3D software for the modelling of wetsuits, which made it possible to study the fitting of the materials and the different sizes on virtual mannequins. In this way, Cressi not only facilitates an innovative approach to research and development, but also obtains a positive environmental impact by eliminating unnecessary sample collections.

Both the exterior and interior are smooth, comfortable and durable nylon-covered 3mm Ultrastretch neoprene, which provides

a great flexibility, UV protection, and protects swimmers against scratches while ensuring complete freedom of movement. The perfect thin hybrid wetsuit for those who are looking for a suit for swimming, snorkelling, surfing, paddling, canyoning, and all other experiences in the water.

The new low neckline design with the 2mm Glide Skin XT neoprene has been studied to avoid any friction around the neck, while maintaining a perfect seal against water infiltration.

On the inner part of the under-zip panel, you can customize the wetsuit with your name and stash a key for any means of transport in the special pocket. The YKK back zip guarantees tightness and durability over time: the slider is made of anti-corrosion metal material, to ensure greater sturdiness when pulling the lanyard to zip/unzip the wetsuit.

TERMOFLEX

NEW 2026

NEOPRENE SWIMSUIT 2 mm

ThermoFlex is a one-piece women's swimsuit made of soft 2 mm double-lined stretch neoprene, ideal for swimming, snorkeling, and all water sports. It offers great freedom of movement thanks to the elastic fabric and comfortable design.

The practical front YKK plastic zipper makes it easy to put on and take off, while the coated neck enhances comfort and thermal retention. Perfect for both performance and protection in the water.

GUARDIAN PEAKED HOOD

NEOPRENE HOOD 2 mm

31x43.2 cm - 12.2x17 in

The Peaked Hood Neoprene Cap is expertly designed for surface water environments and sports. Crafted from soft, high-elasticity double-lined neoprene, this hood provides exceptional comfort and long-lasting durability. It is perfect for various water sports, ensuring an enhanced experience with its practical features. The small visor is a standout design

element, effectively shielding your eyes from the sun's rays and glare, allowing for better visibility and protection. Whether you're kayaking, surfing, or engaging in other aquatic activities, this hood ensures you stay comfortable and protected.

GLIDE PRO

NEW 2026

2 VALVES, 2 CHAMBERS

Glide Pro is the advanced version of our swim buoy, offering enhanced safety and performance for open water swimmers. Constructed from tough, high-visibility yellow material, it ensures you stay seen and safe. Unlike the standard Glide, the Glide Pro features two separate inflatable chambers, each with its external valve for easy inflation and added

security in case of partial deflation. It also includes an internal dry pocket with roll-top closure to keep valuables protected from water, a durable lanyard for waist attachment, and a top buckle with built-in whistle for emergency signaling. Glide Pro is the perfect choice for swimmers who demand maximum safety without compromising on functionality.

GLIDE

NEW 2026

1 VALVE, 1 CHAMBER

Glide is a robust and highly visible swim buoy designed for safety and practicality during open water swimming. Made from durable orange material, it ensures maximum visibility at sea. It features an internal dry pocket with roll-top closure to keep personal items safe and dry. The inflatable air chamber is easy to fill thanks

to the external valve, keeping the buoy steady on the water's surface. A strong lanyard allows secure waist attachment, and the top buckle includes a built-in whistle—perfect for drawing attention if needed. Ideal for open water swimmers, Glide combines safety, convenience, and reliability in one essential accessory.

WALRUS NEW 2026

WALRUS 35L: WHERE ENGINEERING MEETS AESTHETICS

DIMENSIONS

Volume	35 L
Dimensions	55 cm x Ø 28 cm 21.7 in x Ø 11 in

Imagine a backpack that transforms like a chameleon, adapting perfectly to your needs. The Walrus redefines the concept of versatility, easily transforming into a practical duffel bag. With a capacity of 35 liters, it is designed to store your swimming gear, technical clothing, and, why not, your travel accessories optimally. The dry bottom and pocket offer effective protection against moisture, ensuring that your belongings stay dry even in the most

demanding conditions. The Walrus boasts five strategic compartments, including an external pocket ideal for shoes. The perimeter zip ensures quick and easy access to bulky items, while reflective strips increase visibility and safety during evening commutes. Its modularity, allowing configurations ranging from ergonomic backpack to hand bag, makes it perfect for every need.

OLIMPIA NEW 2026

45L POOL DUFFLE BAG: FOR FAMILIES

DIMENSIONS

Volume	45 L
Dimensions	26 x 64 x 28 cm 10.2 x 25.2 x 11 in

Olimpia exceeds the traditional limits of sports duffels. Its 45L internal space and modular carrying system make it a versatile tool for professionals, athletes, and discerning travelers. The technical design incorporates a water-repellent bottom for total protection against wet conditions. Three external storage configurations - breathable mesh for footwear, a waterproof pocket for electronic devices, and a compartment for small accessories - meet

the criteria of efficiency and rationalization of space. The maxi perimeter zip allows quick loading and total accessibility, enabling even voluminous items to be handled easily. The unique carrying configuration adapts to three modes: dynamic shoulder strap, professional handle, and backpack arrangement for extreme mobility.

LEÒN **NEW 2026****22L SNORKELING BACKPACK****DIMENSIONS**

Volume	22 L
Dimensions	49 x 28 x 18 cm 19.3 x 11 x 7.1 in

Inspired by practicality and urban living, Leòn combines technical design and everyday comfort in a compact format. With a smart layout and numerous dedicated pockets, the backpack offers all the space you need to organise your day. The two front pockets have been specially designed to hold a mask and snorkel, making it ideal for those who love to dive whenever they get the chance, without sacrificing urban practicality. Designed with a spacious main compartment and a padded 16" laptop pocket. Internal and external

compartments help you keep wet items separate from dry ones or personal belongings from sports gear. The ergonomic, breathable back panel, together with the padded, adjustable shoulder straps, ensures maximum comfort even on longer walks or particularly hot days. Thanks to its compact structure and well-distributed weight, the backpack remains stable on your back.

FLOAT CASE & FLOAT CASE MAX

FLOATING DRY PHONE CASE 6" & 7"

11x4x20,5 cm - 4.3x1.5x8 in
11,8x4x22,5 cm - 4.6x1.5x8.8 in

Folding Top

TECHNICAL FEATURES

- Waterproof IPX7 phone case
- Floating case, weight up to 200 g
- Rolltop velcro closure + dry zip
- Semi-rigid structure
- Touchscreen function supported
- Suitable for device with screen up to 6" and 7"
- Neoprene armband and neck cord included

Float Case is the floating waterproof phone case from Cressi Hydrosports collection. Available in two different dimensions, is designed to fit smartphones with screens up to 6" and 7", and a maximum weight of 200 g. The inner foam frame is designed to let you take photos from both camera of any phone, thanks to his closed cell material it prevents your smartphone from sink and absorbs the shocks from accidental fallings. Float Case allows excellent interaction with

touch screens function and does not impede during voice calls. The waterproofness feature is ensured by the rolltop velcro closure and the inner pressure lock zip, tested to IPX7 standard with no ingress of water result. Float Case is equipped with a practical adjustable neck cord and soft neoprene arm band.

SUNGLASSES

/ SUNGLASSES | SHIELD YOUR EYES

CRESSI LENSES TECHNOLOGY

HTC TREATMENT

The HTC treatment that Cressi has perfected protects the lenses from dirt and is water-repellent. It combines the benefits of multilayer anti-reflective treatments with the hardening treatment. This is the best treatment that Cressi Sunglasses has ever produced on sunglass lenses. Thanks to the protective HTC (Hydrophobic Tech Coating) treatment, droplets of water slide from the surfaces, leaving them free of streaks and dirt. This protection makes the lenses more durable and long-lasting, for sharp and defined vision. The HTC layer helps the lens stay resistant to dirt, and makes it super smooth and easy to clean.

STANDARD LENSES

HYDROPHOBIC LENSES

POLARIZED LENSES

POLARISING FILTER

The polarising filter adopted by CRESSI to make its lenses antireflection and anti-glare ensures ultra clear vision at all times. CRESSI's polarised glasses block the blinding light reflected by a horizontal surface, such as water or an asphalted road, and at the same time allow the vertical light to reach the eye. Vertical light is important for the human eye and makes for improved vision.

CRESSI sunglasses are characterised by superior optical quality, they block reflections and ensure 100% protection against UV rays. The lenses offer crystal clear vision, rich in detail, and enhance contrast while protecting the eyes from harmful rays. Taken together, all these features make for enhanced comfort while minimising eye fatigue.

BILL

SUNGLASSES WITH FLOATING LACE

17x8.5x7 cm - 6.6x3.3x2.7 in

The new Bill sunglasses are the perfect product for lovers of water activities. Their lace is made of a special foam that gives the frame the ability to float, ensuring safety and easy recovery in the event of a fall into the water. Polarized lenses with hydrophobic anti-drip treatment ensure clear vision even in the presence of water, splashes and wet conditions, offering excellent protection from the harmful

effects of the sun's rays. The ergonomic design of the Bill sunglasses is designed to ensure a firm and secure grip, thanks to the presence of an anti-slip grip on the frame, making them ideal for all water sports and recreational activities.

NINJA FLOATING

FLOATING, POLARIZED AND HYDROFOBIC
SUNGLASSES

17x8.5x7 cm - 6.6x3.3x2.7 in

Ninja sunglasses are just perfect for those practising sports in general, and especially for those who enjoy fishing, jet skiing, windsurfing and sailing. This special floating version confirms that their ideal use is in water sports. The solar filters in the lenses offer 100% protection from UV rays, block luminous reflections and glare, ensuring crystal clear vision and good contrast.

Thanks to the WRH treatment that makes them water-repellent and hydrophobic, the lenses remain clean at all times, yet another feature that makes these glasses indispensable when boating or sailing. The antireflection treatment also comes in handy when driving, in that it drastically reduces reflection from the road surface and improves vision.

BAHIA FLOATING

FLOATING, POLARIZED AND HYDROFOBIC SUNGLASSES

17x8.5x7 cm - 6.6x3.3x2.7 in

Bahia Floating sunglasses are an essential companion for water sports thanks to their ability to float. Polarised lenses with UV protection and anti-reflective treatment offer clear vision, reduce glare and protect the eyes from harmful rays. With wrap-around temples, they fit comfortably during action. In addition, they come with a practical hard case for

protection. These glasses combine safety and style, making water sports a more enjoyable experience. With Bahia sunglasses, you will not only be fashionable, but enjoy clear vision while floating carefree on the water.

KIDDO

KIDS SUNGLASSES, AGE 6+

The mirrored lenses mounted on these glasses are treated with advanced REVO coatings that return excellent performance in different light conditions and in any environment. The mirroring of the lens guarantees the maximum possible brightness and a high-definition lens. Cressi sunglass lenses are designed to protect your eyes from the sun, including near the water, and they shield against all UV rays, so you can savor the sunshine while enjoying comfortable vision. If your eyes are sensitive to the light, choose a dark shade. Lighter and gradient lenses are perfect for cloudy skies with little sunlight, while darker lenses protect your eyes in bright sunlight. The polarizing filter in

the Cressi sunglasses guarantees sharp vision free of reflections and glare. Cressi polarized sunglasses block harmful sunlight reflected from horizontal surfaces, such as water or a road surface, while allowing vertical light to reach the eye. Vertical light is important for human eyes and improves vision. Cressi sunglasses have superior optical quality; they block reflections and protect against UV rays. They offer sharp vision that is rich in detail and increases contrast, protecting the eyes from harmful rays. This combination improves comfort and decreases eye fatigue.

AQUATREK PRO

ULTRA COMFORTABLE WATER SHOES

The AquaTrek Pro is a comfortable water shoe engineered for marine environments. Its specialized anti-slip sole ensures stability on various surfaces. The neoprene upper, combined with nylon mesh, facilitates easy slip-on compared to traditional neoprene shoes. Designed for versatility, it transitions seamlessly between water and land activities. Whether

walking on rocky shores or sandy beaches, the AquaTrekPro provides reliable traction and protection. Its lightweight construction and breathable materials enhance comfort during prolonged wear. The practical double puller allows the shoe to be easily slipped on and holds tight even during sports activities in and at the water.

GEKO

AQUASHOES

The Geko shoe is the ideal choice for those seeking an immersive connection with the aquatic environment. Featuring a contoured sole and optimal grip, each step provides an exceptional sense of adherence to the seabed without compromising comfort. With a convenient Velcro fastener, this shoe ensures a secure and customizable fit, adapting seamlessly to all foot types. Upper with precision wrap-around reinforcements, offering

optimal support during sports activities in the water. The contoured sole precisely mimics the foot and toe shape, offering exceptional traction and heightened sensitivity to the seabed. Strategically placed perforations in the sole facilitate rapid water drainage, ensuring quick drying and perspiration.

TROPEA

POOL AND AQUA SOCKS

TURQUOISE

BLACK

Tropea socks are the innovative solution for those seeking protection, freedom of movement and total versatility in the water. Designed for use in the pool but also perfect for the sea, they combine the lightness of a sock with the reliability of technical footwear. The rigid sole, specially designed for wet and slippery environments, guarantees stability and exceptional grip on all surfaces, from pool edges to rocky seabeds. The heart of the model is the upper in elastic draining fabric, which fits like a second skin to the foot, following every movement without

tightening or causing discomfort. Thanks to the micro-perforated structure, water drains quickly, promoting rapid drying even out of the water. In addition, the transpiring material keeps the foot cool and protected, minimising friction. Easy to put on and take off, the Tropea offers a secure fit with no need for adjustment. Ideal for swimmers, beach walkers or simply water lovers, they are the perfect choice for those who want to move with confidence and comfort both in the pool and along the coast. Compact, high-performance and ready for anything, the Tropea brings freedom to your feet.

LUCA

CLOSED ADULT SANDALS

BLACK/YELLOW

BLACK/BLUE

The "Luca" hiking sandal is the perfect companion for outdoor adventures, crafted to provide comfort, safety, and versatility. Featuring a durable rubber toe cap that wraps around and shields the toes, the sandal ensures a secure stride even on rugged terrains. Convenience takes center stage in the design, with an adjustable heel strap secured by a Velcro closure and an elastic lace around the collar, allowing for a customized fit that is quick and easy to adjust to individual feet.

Especially well-suited for excursions in aquatic environments, the "Luca" sandal allows the foot to breathe, thanks to its breathable structure. The combination of high-quality materials ensures durability and resilience, while the robust sole provides excellent traction on varying terrains. With its contemporary style and user-friendly adjustments, the "Luca" sandal is the perfect choice for those seeking a reliable companion to explore nature with both style and confidence.

PORTOFINO

FLIP-FLOP

BLUE

BLACK/LIGHTBLUE

TECHNICAL FEATURES

- The strap material is very comfortable even between the toes: it doesn't rub or scrape, as it is made of soft fabric
- Multilayered, ergonomic footbed, with a deepened stamped antislip inscription
- Very comfortable flip-flops for adults. Really functional shoes for wet, uneven ground and sand
- Very light, therefore ideal for sports and travel luggage
- Quick-drying and washable material
- Classic and casual flip-flops, ideal for beach and pool
- Very robust and soft antislip sole

As the name suggests, Portofino is a popular, well known and fashionable village of the Ligurian Coast (Riviera). It rises in a sheltered bay in the Gulf of Tigullio, where the untouched

nature is combined with this simple fishing village and its alleys with colorful narrow houses, one built over the other. These flip-flops are the expression of a similar quite elegance.

TECHNICAL FEATURES

- Comfortable and versatile
- Made of natural rubber for durability
- Lightweight and comfortable for everyday use
- Water-resistant material for quick drying

The Cressi Leaf flip-flops, made of natural rubber, are a comfortable and versatile choice for the summer. Thanks to their lightness and the comfort they offer, these flip-flops are perfect for everyday use. The natural rubber used in their production is also water-resistant, ensuring the flip-flops dry quickly and making

them easy to clean. Their simple and functional design makes them easy to put on and take off, while the range of colours available adapts to each customer's needs. Cressi flip-flops made of natural rubber offer the perfect combination of style and functionality.

ST TROPEZ

NEW 2026

LADY FLIP-FLOP

LILAC/LIME

BLACK/FUCHSIA

NAVY/PINK

PINK/CORAL

AQUAMARINE/PINK

Cressi's St Tropez flip-flops are the must-have summer accessory for all women and girls who want to enjoy the warm weather in style, comfort and lightness. Designed to accompany you everywhere – from the beach to a stroll along the seafront to the hot city – these flip-flops combine simplicity and functionality in a fresh and timeless design. The high-density EVA sole is durable, non-deformable and offers excellent cushioning even after hours of use. It is easy to clean (just rinse with water!) and is

ideal for all types of surfaces, from hot sand to sunny pavements. The slightly contoured footbed ensures a stable and comfortable fit, preventing your feet from slipping even when wet. The design is simple but with attention to detail: a comfortable fit, soft straps that don't irritate, and a silhouette that enhances the foot without constricting it. What's more, the colour palette is a summer explosion – from elegant classics to bold pop tones.

JOY

REPRICED 2026

JUNIOR SUMMER SANDALS

AZURE/BLUE

PINK/BLACK

The "Joy" kids' hiking sandal is the perfect companion for outdoor adventures for the little ones, designed to provide comfort, safety, and versatility. Equipped with a durable rubber toe cap that wraps around and protects the toes, the sandal ensures a secure walk even on rugged terrains. Practicality is at the heart of the design, featuring a convenient elastic closure around the foot's collar for a personalized and easy fit. Particularly suitable for excursions in aquatic environments, the "Joy" sandal allows

little feet to breathe, thanks to its breathable structure. The combination of high-quality materials ensures durability and resistance, while the sturdy sole provides excellent traction on various terrains. With its contemporary style and user-friendly adjustments, the "Joy" sandal is the perfect choice for parents seeking a reliable companion to allow their children to explore nature with style and safety.

CORAL JR

KID SIZE

Cressi Coral JR are form-fitting and lightweight beach shoes. Suitable for walking on the street, near water and in water, excellent for boating. They'll protect your feet from scorching sand, rocks, sea-urchins, reefs, and rough sea beds. Can be worn without socks. The upper, in

neoprene and honeycomb fabric, lets the foot breathe. The flexible sole protects the arch of the foot from contact with the ground and is antigrip.

JUNIOR SUMMER SANDALS

AZURE

PINK

Perfect for little ones' summer adventures, these spider-style rubber shoes combine functionality and design in a concentrated dose of comfort and practicality. Made from ultra-soft, flexible material, they guarantee maximum breathability thanks to their perforated structure, ideal for days at the beach or by the sea. Feet stay cool and protected, while water slips away easily. Available in delicate pastel colours, blue and pink, they win you

over with their playful and cheerful look. The adjustable side buckle makes them quick and easy to put on. Non-slip and lightweight, they accompany every step safely on sand, rocks or wet surfaces. A perfect mix of style and functionality, designed for little explorers and approved by parents. Ideal from the first steps onwards, they become the perfect companion for a carefree summer.
