LV8: 50 ANNI DI STORIA

LV8 Elevate nasce dall'esperienza acquisita nel settore automotive. Il marchio LV8®, ideato nel 2002, è oggi Brand Leader nella progettazione, costruzione e fornitura di arredo e attrezzature per concessionarie moto e auto, reti di assistenza, motor sport e industrie.

LV8 Elevate came into being following many years of experience in the automotive industry. Created in 2002, LV8® is now a leader in; innovation, design, manufacture and supply of furniture and equipment for motorcycle and car dealer service networks, motor sports and associated industries.

▶ **1971**

Nasce la Ditta Ferrari Sergio grazie al Sig. Sergio, abile maestro nella lavorazione dei metalli.
A small family company is established by Mr Sergio Ferrari, a skilled and qualified master in metal carpentry.

▶ **1993**

Produzione dei primi prodotti finiti per il settore automotive.
First finished products manufactured for the automotive sector.

▶ **1976**

Produzione delle prime macchine per l'industria alimentare.
First mechanised production for the foodindustry.

▶ **1987**

Ampliamento officina e trasferimento nell' area artigianale di Sorbolo.
Workshop expansion and move to Sorbolo industrial park, near Parma.

▶ **1996**

Acquisto dei primi centri di lavoro ed impianti di saldatura robotizzata.
First CNC machines and welding robots acquired.

LV8: 50 YEARS OF HISTORY

▶ **2000**

Costruzione di un nuovo stabilimento annesso al pre-esistente.
New plant constructed next to the existing site.

▶ **2009**

Nuovo stabilimento di oltre 6000mq coperti a Brescello (Reggio Emilia).
New 6000sqm plant in Brescello (Reggio Emilia).

▶ **2002**

Progettazione e produzione della gamma LV8, cavalletti moto e attrezzature da officina.
Design and manufacturing of LV8 range: motorbike stands and garage equipment.

▶ **2006**

Ampliamento parco macchine e acquisto primi laser.
Machinery implementation and first laser-cutting machines acquired.

▶ **2016**

Creazione e registrazione del marchio Qube®, dedicato alla vasta gamma di arredo tecnico modulare, 100% made in Lv8.

Creation of the Qube® brand, dedicated to a wide range of modular technical furniture, manufactured 100% by Lv8.

▶ **TODAY**

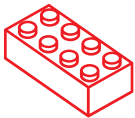

Lv8 Elevate è un oggi un marchio di successo nella produzione di arredo e attrezzature per concessionarie moto e auto, reti di assistenza, motor sport e industrie, trovano nei nostri prodotti la soluzione più adatta alle proprie necessità di ottimizzazione degli spazi, ergonomia, funzionalità ed estetica.

Lv8 Elevate is today a highly successful brand producing furniture and equipment for motorbike and car dealers, service networks, motor sports and allied industries, where our products form the most suitable solution to match their needs; optimizing ergonomics, functionality and aesthetics.

L'EVOLUZIONE DEL MODULO, L'ARREDO DI NUOVA GENERAZIONE

+ CONTENIMENTO + CONTAINMENT

L'arredo Qube® vanta soluzioni modulari basate su multipli di 400 mm, con profondità e larghezze maggiorate rispetto allo standard. Aprire un cassetto Qube significa godere del 30% di volume e 20% di piano di lavoro in più!

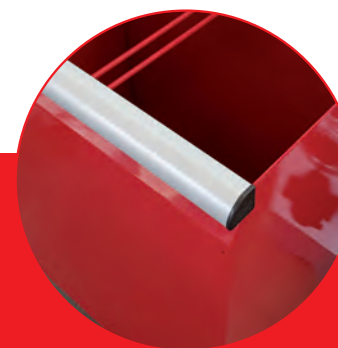

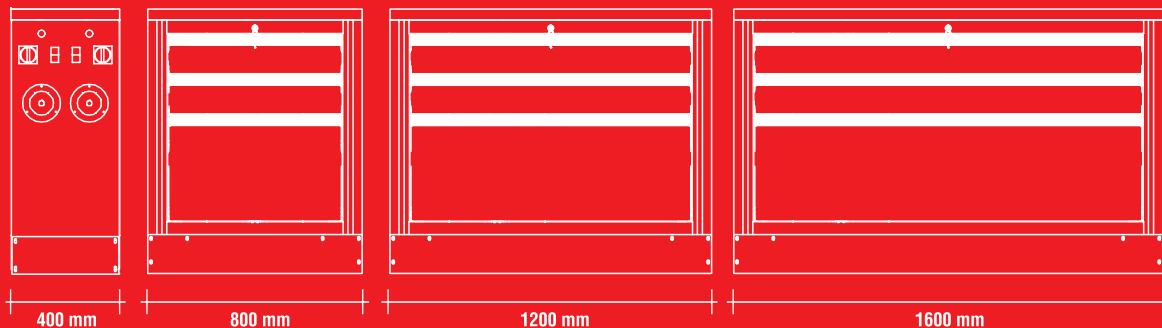

Qube® modular furniture solutions are based on multiples of 400 mm, deeper and wider than standard sizes. Opening a Qube drawers give you more than 30% increase in volume and 20% on worktops!

+ CAPACITÀ + CAPACITY

Cassetti da 75 kg sino a 300 kg di portata, ad estrazione totale.

Drawers from 75 kg up to 300 kg capacity, fully open.

Qube® riporta la maniglia come elemento protagonista del design dell'officina, in alluminio estruso spazzolato e anodizzato.

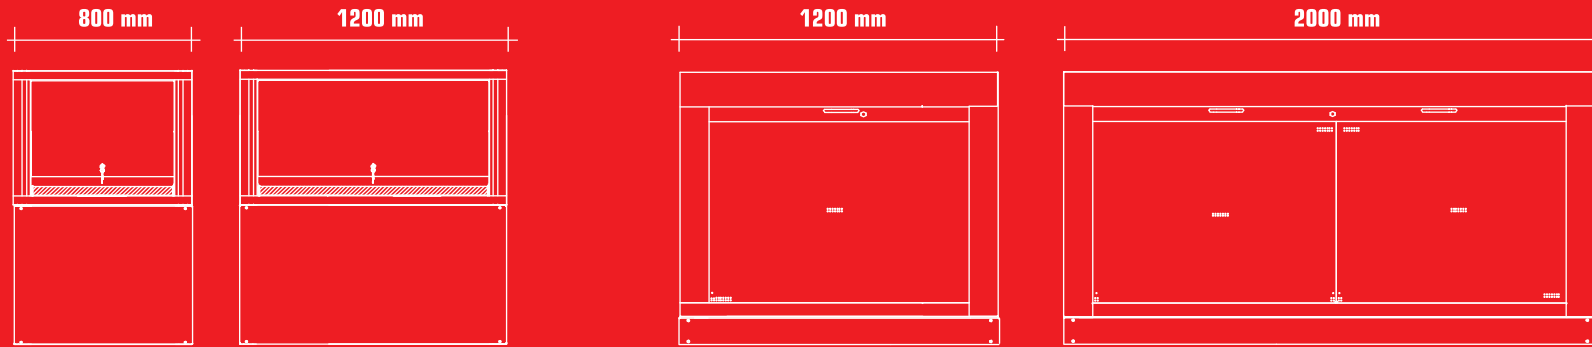

Qube® brings back the handle as main element of the workshop design in anodized extruded brushed aluminum.

Guide telescopiche con gabbia a sfere ad alta capacità di carico e fermo di sicurezza per elevate prestazioni.

Telescopic slides with bearings cage with high-load capacity and safety lock for high performances.

MODULE EVOLUTION - NEW GENERATION FURNITURE

+ ORGANIZZAZIONE + ORGANIZATION

La vasta scelta di elementi componibili Qube® garantisce una maggiore distribuzione delle zone di contenimento.

The wide choice of Qube® modular components provides greater variety for storage areas.

+ CONVENIENZA + CONVENIENCE

Soluzioni senza piedi e moduli multiservizio "compatti" per una ottimizzazione dello spazio e risparmio di denaro.

Solutions without feet and 'compact' multiservice modules for space optimization and cost savings.

+ SOLUZIONI + SOLUTIONS

La perfetta simmetria tra moduli alti e moduli bassi consente di sviluppare infinite soluzioni di configurazione.

Perfect symmetry between high and low level modules allows you to create a multitude of configurations.

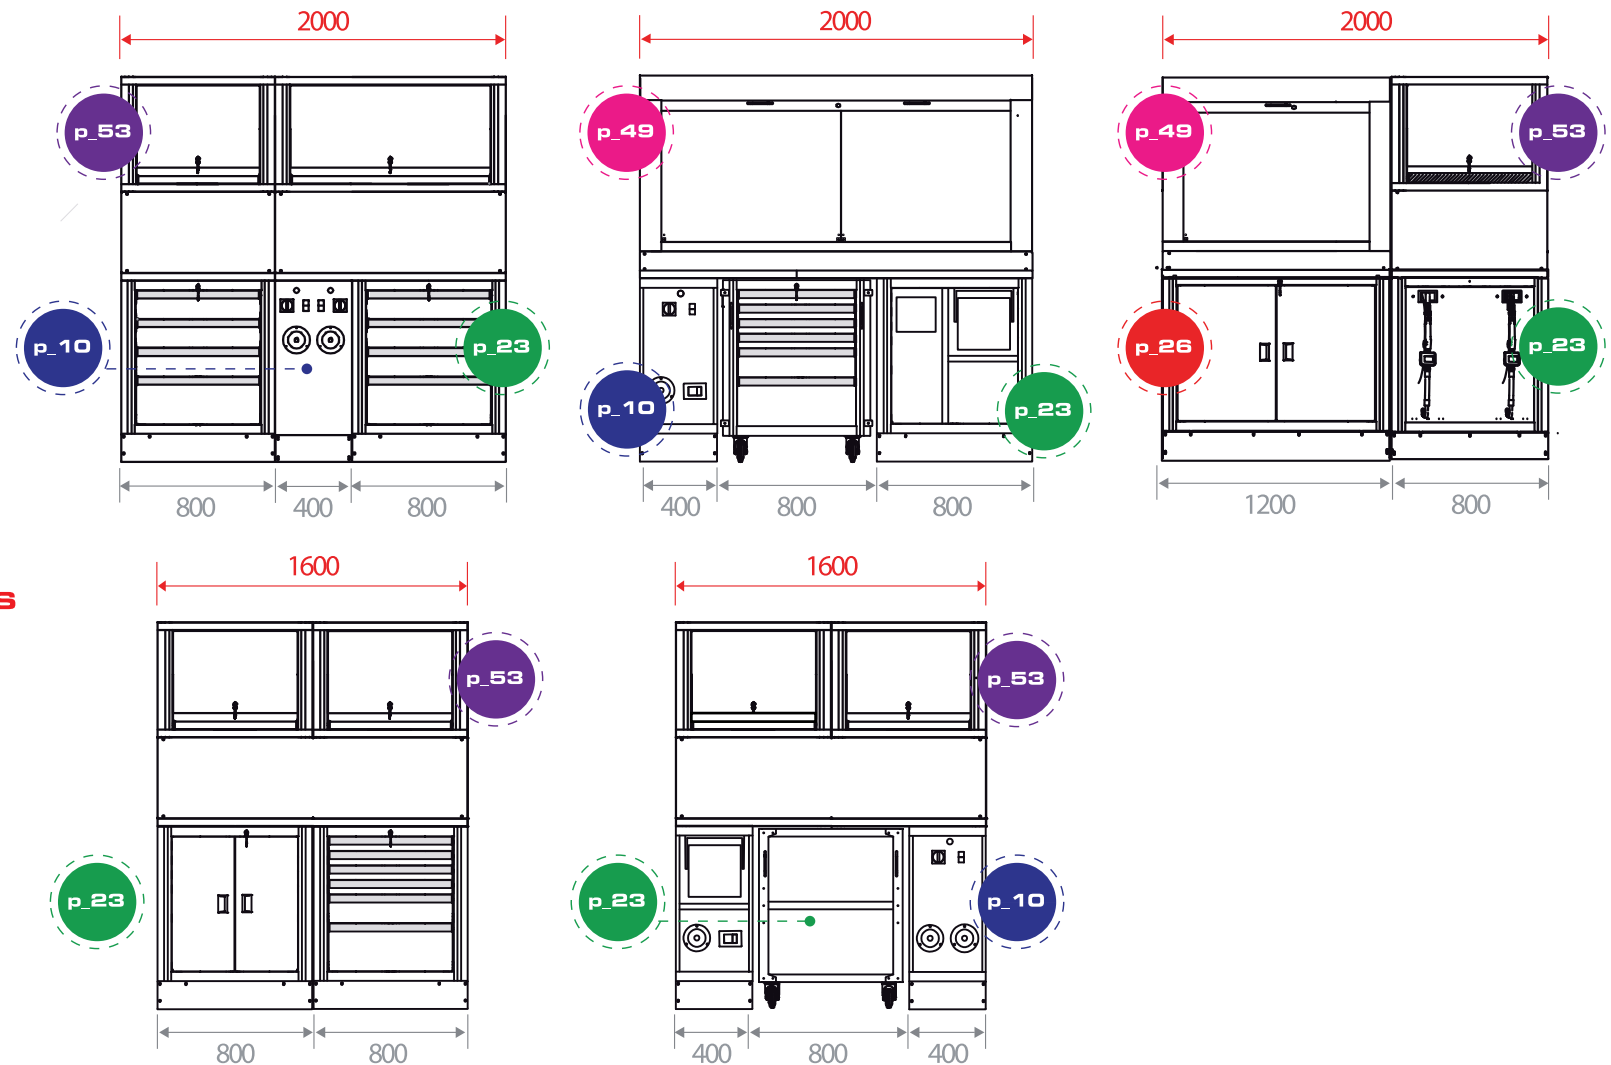

MODULE EVOLUTION, THE NEW GENERATION FURNITURE

La caratteristica peculiare di un arredo componibile è la sua versatilità, con la possibilità di sviluppare differenti tipi di composizione in una stessa metratura.

BANCO SOSPENSIONI LV8

La prima workstation per lavorare su ogni tipo di sospensione motociclistica! Si tratta di una postazione di lavoro specifica progettata dai ns. tecnici e designer in collaborazione a uno dei più importanti produttori di ammortizzatori mondiali, 100% made in LV8. Le griglie e il piano di lavoro sono completamente in acciaio inox con vasca scolo olio autopulente. Il banco di lavoro è provvisto di mobiletto a 2 ante per immagazzinaggio olii, liquidi nuovi e dotato di tanica di raccolta dei liquidi esausti, zona centrale con ripiano a giorno per riporre caraffe e cilindri graduati, cassettera fissa per il contenimento degli utensili e di tutti i ricambi necessari. Gli optional : smonta ammortizzatori / smonta forcelle, 100% made in LV8 , morsa in acciaio forgiato utile per fissare lo strumento .

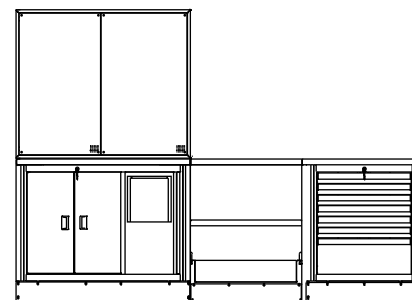

LV8 SUSPENSION WORKBENCH

The first workstation to operate on every kind of motorcycle suspension! It is been completely designed and created by our technicians in collaboration with one of the most important suspensions manufacturer, 100% made in LV8. The grids and the worktop are completely made of inox steel with shelf-washing oil tank. The workshop features are: 2 doors module to store oils, new liquids and equipped with an exhausted liquids tank, central zone with open shelf to store graduated carafes and cylindres, drawers cabinet to keep in tools and any kind of spare parts you may need. Optional features: shock-absorber and forks disassembler, 100% made in LV8, forged steel bench vise usefull for fixing the instrument.
